ATN 10x42 LRF Series
LASER RANGEFINDING BINOCULAR

DESCRIPTION

Introducing the brand-new ATN 10x42 Laser Ballistics RANGEFINDING BINOCULAR with Bluetooth connectivity and featuring a cutting-edge ballistic calculator shooting solution App. This innovative binocular offers a comprehensive all-in-one solution for your ranging and binocular needs.

Leveraging ATN's extensive expertise in advanced electro optics and precision laser rangefinding technology with premium quality glass optics, the ATN 10x42 Laser Ballistics RANGEFINDING BINOCULAR stands as the ultimate answer for hunters and shooters alike.

ATN's exclusive Prosheild and Everlight anti-reflection lens coatings ensure exceptional light transmission from dawn till dusk, delivering vivid imagery and substantially reducing glare for impeccable clarity throughout the field of view. The high-contrast red OLED display guarantees legibility in all lighting conditions, while a simple press of the power button swiftly informs you of the precise distance for accurate shot placement.

The Ballistic Information Exchange pairs seamlessly with ATN Smart scopes, offering instantaneous point-of-impact adjustments. For use with traditional scopes the free downloadable Laser Ballistic App, synchronizes with your smartphone or tablet, enabling prompt turret adjustments. This eliminates the complexities of interpreting intricate ballistic charts making adjustments effortless.

Whether you're an existing ATN user or not, the ATN 10x42 Laser Ballistics RANGEFINDING BINOCULAR is a versatile addition to your outdoor kit

➔ **RUBBER ARMOR FOR ADDED PROTECTION AND IMPROVED GRIP**

➔ **SHOCKPROOF: RUGGED CONSTRUCTION WITHSTANDS RECOIL AND IMPACT**

SPECIFICATIONS

Model	10x42 LRF 2000	10x42 LRF 3000
SKU	BN1042LRF2K	BN1042LRF3K
LRF Range	5-2000 m	5-3000 m
Accuracy	±1 m (y)	
Magnification	10x	
Objective lens effective diameter	42 mm	
Field of view	7°	
Focus System	Fixed/Focus Free	
Focus Range	10 m (y) to infinity	
Eye Relief	16 mm	
Exit pupil diameter	3.3 mm	
Diopter adjustment range	±5 diopters	
Display	High transmission, OLED	
Optical coatings	Multi-layer coating	
LRF laser wavelength	905 nm	
Bluetooth	Yes	
Body material	ABS plastic and rubber	
Waterproof	IPX6	
Battery	CR2 (3 V)	
Compatibility	Android and iOS apps, ATN Mars 4, Mars 5, ThOR 4, ThOR 5, X-Sight 4K Pro, X-Sight 5 rifle scope series	
Dimensions L x W x H	5.7"x5.1"x2.36" / 145x129x60 mm	
Weight with caps and battery	25.6 oz / 725 g	
Warranty	2 years
